ABOUT THE DIRECTORY

Kolaj Magazine's Artist Directory, in each print edition and online at kolajmagazine.com, is a tool for organizing and cataloguing artists who work in the medium of collage. Its audience includes the general public as well as independent curators, art venues, and writers. The editorial staff of Kolaj Magazine uses the Artist Directory to select artists to feature in the publication and to select artists for various curatorial projects. The Artist Directory exists as a public resource for those interested in collage as a medium and is designed to put interested parties in direct contact with artists.

Visit the directory online at
